TECHNO DENT
CUTTING EDGE TECHNOLOGY IN DENTISTRY

Bringing you the latest **dental laboratory technology**
from the world over

OUR QUALITY POLICY....

Westman International Dental Lab is committed to serve the dental fraternity with highest quality prosthodontic, orthodontic and dental cosmetic products and ensure timely delivery.

Experience of more than two decades in dental laboratory services and a highly skilled workforce of around 75 people amply place us as one of the leading dental laboratories from Asia Pacific.

WESTMAN AT A GLANCE

At present the Scenario of Globalizations & Consumerism bring forth the requirement for not just Dental Professionals but also specialists capable of handling the multi facts areas of DENTISTRY.

There is realization of the fact that main stream professionals alone cannot serve the purpose for a purposeful impact to happen & there is need to utilize the latest technologies approach which has today gained equal or it we may say more important.

To fulfill this latest in Dental Technologies requirement **TECHNODENT** from **WESTMAN INTERNATIONAL (REGISTERED TRADEMARK)** is formed in New Delhi (INDIA). We **TECHNODENT** serve you the all type of CAD-CAM, (Latest Technology of Dentistry) Procera, Cercon, Sirona and Wolceram, Cap-tek etc.

We at **TECHNODENT** comprise of hard- core Dental Specialists, who understand the perfect smile on the face of their patients.

PEOPLE

Whether a single conventional porcelain-to-metal crown or an extensive full mouth restoration, our highly trained technicians will provide you with outstanding communication, service and quality. We have designed our laboratory so that the same team of technicians consistently works on your cases.

We have a highly skilled workforce of technicians from renowned institutions. Our technicians are trained in the various fields of dentistry by the world known companies like VITA of Germany, BEGO of Germany, UGIN of France, SIRONA, Nobel Biocare, Wolceram, Dentsply and are therefore capable of delivering services of international standards. To adopt the latest technological advances in cosmetic dentistry, our technicians attend hands-on courses in India and abroad.
